USING LESS PAPER

In order to minimize environmental impact* and considering the usefulness of electronic copies, handouts will be avoided. The conference material will only be circulated electronically after the event. However, writing pads will be available in the conference hall!

Important: In case you are printing this program and carrying it along with you to the conference, we understand that an extra copy will not be required. If you would like us to provide you a print-out of this program, please do send an email (mail@eosd.org) so that your copy can be made available to you in the conference hall.

*1 ream of paper = 6% of a tree and 5.4 kg CO₂ in the atmosphere
3 sheets of A4 paper = 1 litre of water
